

# 2026 Red River Rendezvous

June 11 - 13, 2026

Selkirk, MB

---

## Valve Cover Racing

One of the planned events at this years Rendezvous is Valve Cover Racing. For those not familiar with Valve Cover Racing, here are the rules that participating cars must adhere to.

### Car Rules

- No engines or other forms of propulsion
- No moving weights
- The wheels can be attached to the car in any manner
- Nothing can extend in front of the valve cover
- The car must be based on an actual automotive valve cover from an automotive engine
- The car must have four wheels no larger than six inches in diameter
- The wheels must not have a metal surface touching the track

#### Critical Dimensions:

- Overall car length:  $\leq 30$ "
- Overall car height:  $\leq 10$ "
- Overall car width:  $\leq 12$ "
- Overall car weight:  $\leq 10$ lbs by official event scales
